

## The Collaborative Workforce *Development Solution*

ConnectEDU bridges the gap between education and the workforce with **TalentConnect**: a comprehensive solution that connects learners, employers, and all other stakeholders dedicated to preparing tomorrow's talent, today.

### TAKE ROOT WITH TALENTCONNECT:

- IDENTIFY** talent as early as high school based on key early indicators of success.
- DEVELOP** relationships and guide learners to obtain necessary skills.
- ATTRACT** talent and promote internship, apprenticeship and career opportunities.
- RECRUIT** interns and full-time employees to build a talent pipeline.

### HOW IT WORKS

TalentConnect plugs in to ConnectEDU's **College and Career Planning Portals**, where students and adult learners actively build education and career pathways, including for **STEM, Green, and Healthcare** careers. Through TalentConnect, employers finally have the opportunity to support these learners early in the education and career decision making process and drive awareness of workforce needs.

**Inform and impact career path decisions today, with TalentConnect.**

## Connecting Learners with *Opportunities*

ConnectEDU breaks barriers between learners and careers with TalentConnect, where learners can explore and discover opportunities, navigate their own education and career plans, and build a promising future.

### ACCESS. PERSISTENCE. SUCCESS.

**CONNECT** with employers in a purpose network environment

**IDENTIFY** internship, apprenticeship, and career opportunities

**UTILIZE** skill and interest assessments to explore multiple career paths

**MAP** curriculum plans, major selections, and extra-curricular activities to various career pathways

### MAKING SMARTER EDUCATION AND CAREER DRIVEN DECISIONS

ConnectEDU provides a complete system of career exploration and preparation. By exploring various career pathways such as STEM and Healthcare, learners can align their education decisions with the needs of the fastest growing industries.

“ Nearly 90 percent of the fastest growing jobs in the U.S. require some form of education beyond high school. ”
