Introduction to the Catalog

How to Use Catalog

The 2019-20 RSP Tuition Break Graduate Catalog is a comprehensive guide to hundreds of graduate degree programs offered through the New England Board of Higher Education’s Tuition Break, the New England Regional Student Program (RSP).

This catalog explains eligibility for residents of the six New England states. State abbreviations – CT • ME • MA • NH • RI • VT – indicate the states whose residents are eligible for a program.

Eligibility

This catalog explains eligibility for residents of the six New England states. State abbreviations – CT • ME • MA • NH • RI • VT – indicate the states whose residents are eligible for a program.

Flexible Programs

Some programs may be eligible for residents of all New England states. Colleges that offer programs on this basis are flagged with [F] if they allow eligibility for all residents. Specific programs are listed in this catalog.

Proximity-Based Programs

Colleges are flagged with [P] on the last page of this catalog if they allow eligibility under Proximity, for residents who live closer to the college than an in-state college.

Details about eligibility appear on pages 4 and 32.

Programs listed by degree and area of study

The catalog lists associate and bachelor’s degree programs by area of study: Arts & Liberal Arts • Business & Management • Engineering & Technology • Health & Human Services • Science & Math.

Information for each institution

The catalog provides a program list and contact information for every participating college or university.

(Nursing programs as listed in the catalog)

[F] College offers programs under the new Flexible Policy. Specific programs are listed in this catalog. Residents of all other New England states are eligible. For more information about the Flexible Policy, see description on page 4 and policies on page 32.

NOTE: State abbreviations indicate eligible residents
Tuition Break

The New England Board of Higher Education (NEBHE) Tuition Break – officially known as the New England Regional Student Program (RSP) – enables eligible students to be charged a tuition rate that is lower than the regular out-of-state tuition rate for eligible programs at participating New England public colleges and universities.

How eligibility works

A. New England residency required
An eligible student must be a permanent resident of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island or Vermont.

B. Eligible programs are published annually
NEBHE publishes lists of degree programs, offering institutions and eligible states at www.nebhe.org/tuitionbreak under “Find a Program.” Associate and bachelor's degree programs are listed in this catalog.

C. Types of program eligibility
The colleges and universities decide which programs are eligible.

1. Specialized programs of study only
Some colleges choose to offer selected programs, that are eligible only for students from states where the public colleges do not offer the program. Eligibility is determined through a program review by the home-state public institutions.

Note: The fact that a program is not offered in-state doesn’t guarantee eligibility. A college may decide against offering a program under the RSP.

2. Flexible programs of study
Some colleges offer programs under the Flexible Policy, whereby programs are eligible for residents of all five other states. On this basis, colleges may offer specific programs, or most or all programs. These colleges are flagged with an [F].

3. Proximity
Some colleges allow proximity eligibility – for students whose home is closer to an out-of-state college than an in-state college. These colleges are flagged with a [P]: See list of colleges on the last page of this catalog.

4. Eligibility for graduate programs by petition
Some graduate schools allow students to petition for eligibility for specialized graduate programs, which are not already listed as approved. For details, refer to RSP Policy 3B1c.

Tuition rate and savings
The RSP or regional tuition rate and savings varies by institution. The RSP tuition rate is usually in-between the in-state and out-of-state tuition rates. The average annual savings for a full-time RSP student is $8,000. View tuition rates and savings at www.nebhe.org/tuitionbreak.

How to apply (new students)

• Select a college and eligible program of study.
• Check if program has special eligibility requirements or restrictions.
• Complete the college’s admissions application and declare an RSP program as the intended area of study. (NEBHE does not require a separate application.)
• Once accepted to the college, confirm that the college has granted RSP status. A student may be enrolled on a full-time or part-time basis, unless the institution has a different tuition policy for part-time study.

Eligibility for enrolled students
A student planning to switch to an eligible program needs to request RSP status by contacting the registrar and/or the college’s RSP representative (listed in this catalog). Eligibility is at the discretion of the college.

A student switching from an RSP program to one not eligible, will be charged the regular out-of-state tuition rate going forward.

If a college decides to withdraw a program from the RSP, but still offers the program, a currently enrolled eligible student is grandfathered and retains RSP eligibility if they continuously pursue the program and required courses.

An eligible student must make progress in an RSP program by taking the required courses and is monitored accordingly by the college.

Eligibility for financial aid
Financial aid is awarded based on need and/or merit at the discretion of the institution. If a student has been accepted for admission and received a financial aid award prior to declaring an RSP program as their intended major, the institution may revise the financial aid award. There is no guarantee that a student’s RSP status will provide an additional discount; however, it should not result in a net increase in out-of-pocket expenses.

Regional Student Program Tuition Break Policies

1. Program Authorization

The New England Board of Higher Education (NEBHE) was established by the New England Higher Education Compact, a formal interstate agreement among the six states authorized by the United States Congress in 1954. NEBHE established the New England Regional Student Program (RSP) in 1957 to fulfill the purposes of the Compact.* Through the RSP, the New England states cooperate to provide more affordable access to academic programs offered by their public higher education institutions. New England residents are charged less than regular out-of-state tuition when they are eligible through the RSP for approved programs at out-of-state public colleges and universities within the region.

2. Participating Institutions

All of New England’s public community colleges, state colleges and universities participate in the RSP, because of their state’s membership in the Compact. Each institution and/or higher education system has a designated RSP representative.

3. Criteria for RSP Eligibility

3A. Student Eligibility

An eligible student must be a permanent resident of Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island or Vermont and matriculated in an RSP program. Residency policies are determined by the receiving institutions, which also make final decisions in the case of residency status student appeals.

A student may be enrolled on a full-time or part-time basis, unless the institution has a different tuition policy for part-time study.

3B. Program Eligibility

3B1. Specialized Programs of Study

Eligibility is dependent on approval by the home-state public colleges.

a. Specialized programs are not offered by any of the participating institutions in an eligible student’s home state, but are voluntarily offered by at least one participating institution in one or more of the other New England states. Specialized programs are distinguished by their content, courses and credits and are majors, or specialized concentrations and options that approximate majors in their requirements. NEBHE surveys participating institutions through the annual review to determine eligibility and publishes a list of approved programs by early September.

b. Offering institutions may restrict eligibility to upperclass years for certain bachelor’s programs. Restrictions are explained in the program’s footnotes.

c. Highly specialized graduate programs (in addition to those listed in the RSP catalog) are sometimes available through the RSP by student petition. If a student determines that a specialized program is not available at their home-state public institutions, the student may contact the RSP graduate representative to request RSP eligibility at the out-of-state New England state college or university that offers the program. The student needs to provide statements from the home-state public institutions demonstrating the program’s unavailability. Approval of RSP status is at the discretion of the receiving institution.

3B2. Flexible Eligibility

Eligibility is not dependent on approval by the home-state public colleges.

a. Flexible Programs

Participating institutions may choose to offer any program of study through the RSP—certificate, diploma and/or degree programs. NEBHE surveys participating institutions through the annual review to determine program offerings and publishes a list of programs by early September.

b. Proximity-Based Programs of Study

Participating institutions may choose to allow eligibility on the basis of proximity. Institutions inform NEBHE during the Annual Review which programs they will offer on this basis and if there are any restrictions.

Institutions may restrict proximity eligibility to:

1. Commuting students only
2. Students residing within a certain distance from the accepting institution and/or
3. Students enrolling in certain programs (e.g. programs listed in the RSP catalog, underenrolled programs, etc.).

3B3 If conflicts arise between institutions during their implementation of eligibility policies, NEBHE will act as a mediator to facilitate discussion and resolution among the parties.

4. Application Procedure and Notification of Acceptance

a. NEBHE does not require a separate application for RSP eligibility. A student needs to complete the college’s admissions application, and list an RSP program as their intended major/program of study (see Policy 3B). Some college applications may include a specific question regarding the RSP.

b. A student eligible for RSP status is considered on the same basis as other equally qualified applicants. The
process may be required for acceptance into certain programs.

c. A student applying to a college or university that allows proximity eligibility (see Policy 3B2b) needs to confirm their eligibility with the college (by contacting the campus contact, which is posted in the RSP catalog and the online RSP database).

5. Effect of RSP Status on Financial Aid Award

Financial aid is awarded based on need and/or merit at the discretion of the institution. If a student has been accepted for admission and received a financial aid award prior to declaring an RSP program as their intended major, the institution may revise the financial aid award. There is no guarantee that a student’s RSP status will provide an additional discount; however, it should not result in a net increase in out-of-pocket expenses.

6. Transfer Students

Both internal and external transfer students may be eligible for the RSP, unless an institution has policies that restrict eligibility. In both cases, a student is eligible for RSP status from the first semester of enrollment in the RSP program of study:

a. A student may transfer into an RSP program of study from another program at the same institution. An institution may have specific requirements to change to an RSP program.

b. A student may transfer into an RSP program of study from another institution.

c. If a student transfers from an RSP program of study into one that is not offered through the RSP, the student will be charged the out-of-state tuition rate.

7. Requirement of Progress in the RSP Program

An eligible student enrolled in an RSP academic program must make progress in that program by taking the required courses and is monitored accordingly by the college/university.

8. Withdrawal, Limitation or Elimination of RSP-Approved Programs

a. An institution must provide a two-year advance written notice to NEBHE, during the annual RSP review, in order to withdraw an approved program from RSP eligibility. NEBHE will include the withdrawal notice with the program’s listing and delete the program from the RSP catalog, effective two years from the notice. RSP students enrolled in a program at the time of its withdrawal retain their RSP status until they complete the program.

b. An institution/system may limit or cap the enrollment of RSP students by providing a two-year advance written notice to NEBHE, during the annual RSP review, indicating the intent to limit or cap future RSP enrollment at the present level.

c. If an institution eliminates a program of study, the institution must notify NEBHE in a timely manner so that the program can be deleted from the next RSP catalog.

d. If an institution is eliminating a program from the RSP because it is no longer classified as a major, but the course requirements for the program remain the same, the institution may continue to offer it as a concentration under the RSP. If the institution chooses not to continue offering the program, students currently enrolled in the program will be grandfathered if they continue to pursue the required courses.

e. If it is determined by NEBHE during an annual review that a state’s residents will lose eligibility for an RSP program because a home-state institution offers a comparable program, currently enrolled students will retain their RSP status until they complete their program.

9. RSP Tuition Rate

The New England Board of Higher Education sets the RSP tuition rate. Participating institutions and/or systems may adopt RSP rate(s) equal to or lower than the maximum RSP rate set by NEBHE. Institutions must provide written notice to NEBHE during the annual RSP review of the intent to implement new rate(s) in the following academic year.

* “...to provide greater educational opportunities and services through the establishment and maintenance of a coordinated educational program for the persons residing in the several states of New England parties to this compact, with the aim of furthering higher education in the fields of medicine, dentistry, veterinary medicine, public health and in professional, technical, scientific, literary and other fields.”

(Policies approved April 2018)
New England Board of Higher Education’s Tuition Break
New England Regional Student Program (RSP)

Participating Colleges and Universities Offer Hundreds of Degree Programs

Residents of the six New England states are eligible to pay significantly lower tuition (instead of the regular out-of-state tuition rate), when enrolled in certificate, associate, bachelor’s and graduate programs that are offered under the RSP. Colleges allowing eligibility under the Proximity Policy – for students living closer to an out-of-state college – are flagged with [P]. Colleges offering some or all of their programs under the Flexible Policy – whereby all states are eligible – are flagged with [F]. View eligibility information at www.nebhe.org/tuitionbreak.
