

new england board of higher education's

tuition break

for new england residents

\$60 million in annual tuition savings

That's the total tuition savings benefit to the 9,000 students enrolled under NEBHE's Regional Student Program Tuition Break in 2016-17. Each full-time student saved an average of \$8,000.

6 New England states

Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont residents are charged lower out-of-state tuition when they pursue specialized degree programs, not offered by the public colleges and universities in their home state.

850+ approved programs

actuarial science • aviation science • biomedical engineering • biophysics • Chinese • cognitive science • cybersecurity • dental medicine • energy technology • environmental engineering • game design • global policy • health care management • homeland security • Japanese • justice studies • laser and fiber optics • marine sciences • materials science • meteorology • occupational therapy • ocean engineering • outdoor education • pharmacy • precision manufacturing • robotics and mechatronics • supply chain management • surveying engineering • sustainable design • therapeutic recreation • wind power technology • *and many more...*

80 public colleges and universities

in Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont offer their specialized degree programs.
